Profiling FMR proposal using GEOAGRI

Table of Contents

Quick Steps	1
Register and Access the System	
Adding FMR Network Links	5
Adding FMR Proposal	7
/ damg / with reposition	

Quick Steps

- Step 1. Access the application thru http://geoagri.da.gov.ph/
- Step 2. **Register** as *FMR Proponent* by clicking the **Register** link at the upper-right side of the navigation bar. Optionally, click directly on this link <u>http://geoagri.da.gov.ph/iroaduser/register/.</u>
- Step 3. Login thru this link: <u>http://geoagri.da.gov.ph/signin</u> if you're already registered.
- Step 4. Add FMR Network Links thru this link: <u>http://geoagri.da.gov.ph/ao16/network-link</u>.
- Step 5. Enter FMR Proposal in the Add/Update Panel of FMR Proposal page that is accessible thru this link http://geoagri.da.gov.ph/ao16/fmr-profile
- Step 6. Review your entries found in the Entries Panel of the FMR Proposal page.

We would love to hear your thoughts or feedback on how we can improve your experience!

In case you have feedback/comments or bugs encountered upon accessing the system, please don't forget to log it into this form

Register and Access the System

- 1. Access the application thru http://geoagri.da.gov.ph/
- 2. Click the **Register** link at the upper-right side of the navigation bar. Or click this link <u>http://geoagri.da.gov.ph/iroaduser/register/</u>

Figure 1 - Registration Form

- 3. Register as FMR Proponent. Fill out the required fields of the form.
- 4. Click the **Submit** button, and the application will show the Signup Successful page.

Adding FMR Network Links

- 1. Access the GEOAGRI-FMR Dashboard by clicking the **Microservices** link in the navigation bar.
- Click the FMR Network Links (See Figure 5 GEOAGRI-FMR Dashboard) Note: This table shows the list of all FMR Network Links entered into the system sorted alphabetically by default.

5. After placing the mark, the following information will be shown on the screen at the top-right of the screen.

- 6. Continue filling the required fields in the form and click **Save**. Added NLs would be displayed in the table as shown in Figure 7 FMR Network Links Table.
- 7. The network link is now successfully added. Go back to Step3 to add more Network Linkages.

Adding FMR Proposal

- 1. Access the GEOAGRI-FMR Dashboard by clicking the **Microservices** link in the navigation bar. Optionally, you can use the sidebar menu to access the elements in the Dashboard.
- 2. Click the FMR Proposal (See Figure 5 GEOAGRI-FMR Dashboard)

Note: The FMR Proposal page consists of two collapsible panels: Entries and Add/Update. Entries Panel displays the list of all proposals you have entered the system. Add/Update Panel is the entry form of the proposal. The form is blank for new proposal, while updating an existing proposal will be filled automatically based on selection. Click on the panel headers to expand or collapse.

- 3. Click Add/Update panel to add a new proposal. The panel may collapse or expand depending on its current state
- 4. There are six (6) straightforward steps to complete the form. Each step needs to be satisfied to proceed to the next.

Step 1. Profile.

- i. Fill out the Location section.
- ii. Upload shapefile or KML file of the proposed road or draw directly from the map panel provided.
- iii. Fill out the fields in the Measurement and Cost
- iv. Click the **Next** button to save the form and proceed to step 2.
